(Kann et al., 2016→ 2018 (Centers for Disease Control and Prevention))

History

- Homosexuality term first used 1869
- Defiled by all major religions, yet members of all religions identify with it
- Viewed as a crime, a sin, a sickness, an irresponsible choice, sexual perversion, dangerous threat to family values, destroyer of morale in armed forces
- In ancient Greece, love between 2 men = highest form of love
- WWII – killed in holocaust
- 1950s, homosexuals were blacklisted, expelled from military, castrated, had lobotomies, and fired

History

- 1957 studies by Evelyn Hooker – differentiated gay and heterosexual and determined it was not a sickness
- Child custody battles in 1970s
- 1973 APA removed homosexuality for DMS mental disorders
- 1983 – first studies of children raised by lesbians
- 1984 – first paper on violence against LGB
- Step backwards – 1996 – Defense of Marriage Act – allowed states to NOT recognize marriages in other states
 - Marriage = between man & woman

History

- 2004 Brides magazine – first same-sex wedding
- Madonna and Britney Spears kiss at MTV Music awards
- 2 Illinois girls voted school's cutest couple
- TV shows: Will and Grace, Jazz
- Shows: Avenue Q

Same-sex parents

- All studies show NO DIFFERENCE in lesbian-led vs. single-parent divorced
 - kids made gender preferences for toys, activities, and friendships with good psychological adjustment
- **Children raised by lesbians are no more likely to grow up to be gay or lesbian than are children raised by heterosexual parents**
- 1/3 of gay fathers say their children are teased or bullied

Questioning youth

- Experimentation is normal
- Who am I? Who am I comfortable with? Who attracts me?
- Trying it does not label you

Being Gay/ Lesbian

- NOT a mental illness
- NOT a defect of character
- NOT a defect of genes
- NOT a defect of parenting

Transgender

Has a **gender identity** of a different gender

Takes the identity of that gender with or without surgical or hormonal interventions
Feel trapped in wrong body

- It is NOT a choice
- It has NOTHING to do with sex
- What is their 'lived gender'?
- Transgender is an adjective – not a noun.

- “There’s a gender in your brain and a gender in your body. For 99% of people, those things are in alignment. For transgender people, they’re mismatched. That’s all it is.”

• Chaz Bono

75% of males and 66% of females who identify as being L/G initially felt different by the age of 8

Those who are transgender are often aware during preschool

Acceptance by family and friends

- 26% say feeling accepted by family = biggest problem
- Fear of being out/open
- Fear of rejection
- Needing to belong
- ¼ are forced to leave home
- 25%-40% of all homeless youth are LGBT

Consequences

- Truancy, poor grades, repeat grades, drop out of school
 - Skipped school because they did not feel safe
 - Stunted educational aspirations
- Twice as likely to abuse alcohol; 3x increase use of marijuana; increased syphilis

Issues

- Safety: Bullying and violence
 - Twice as likely to be assaulted on school property
 - 74% feel UNSAFE at school
 - 84% are verbally abused
 - 92% hear negative LGBTQ messages, 68% from elected leaders
 - 18% forced to have sex; 23% experience dating violence

Consequences

- Depression in 60%
- Account for 30% of suicides
 - >50% of transgender youth attempt suicide
- One transgender youth is killed EVERY MONTH in U.S.

"The only way I will rest in peace is if one day transgender people aren't treated the way I was, they're treated like humans, with valid feelings and human rights. Gender needs to be taught about in schools, the earlier the better. My death needs to mean something" - Leelah Alcorn

UK: 48% of trans people under 26 attempt suicide (2014)
 US: 41% of trans people attempt suicide (2014)
 Canada: 43% of trans people attempt suicide (2012)

Transgender

- Ask what name by which they wish to be called
 - Respect the name used
 - Use the pronouns requested
- 1. Protect privacy by providing alternative changing area and restroom
- 2. Participate in PE and athletics
- 3. Evaluate all policies dealing with gender (dress code)

Schools in Transition

1. Every student has a right to learn in a safe and accepting school environment
2. All adults must act as protective agents committed to the safety and well-being of youth
3. The expression of transgender identity is a healthy, appropriate and typical aspect of human development
4. Create a welcoming environment; be proactive

Interventions

- Those who are supported have the best chance of growing up to be content, productive adults
- Promote diversity
 - Compare to handedness
 - Different does not mean 'worse' or 'inferior'
 - Teach as diversity and include with tolerance and civil rights
 - Give the message that it is OK to be gay

Interventions

Interventions

- Teach parents, teachers, classmates
 - Acknowledge there are gay students
 - Stress importance of dignity to all
 - Just because you experiment does not make you gay
 - It is not a phase
 - Have the same health needs and concerns as all teens
 - Use gender-neutral language
 - Mother's day/ father's day

Interventions

- Sex education
 - Allow the topic to be discussed
 - Have appropriate books and resources available
 - Normalize homosexuality
 - Educate against the myths
 - Anticipate more virgin births!

“Homosexuality, in and of itself, is not the problem facing gay children. The problem is the reaction of families – of society. We do not need to change gay people. We do not need to “cure” them. What we do need to cure is homophobia.”
